

u::Lux Switch LSA/IDC

data sheet

Power supply:	48V DC, with usual PoE-Ethernet switch (PoE Class 1)
Power consumption:	Min. 0,8 W, max. 1,7 W, typ. 1,3 W (with activated Display)
Connections on the lower part of the u::Lux Switch (NetLink IDC):	1 Ethernet 8-terminal LSA, 1 extension 4-terminal LSA for u::Lux AddOn
Indicators on the lower part of the u::Lux Switch (NetLink IDC):	1x LED (green) for energy supply, 1x LED (yellow) to indicate "LINK" and "activity" on the Ethernet connection
network:	100BaseT
display:	TFT, 184x176 pixel, 262.144 colours, 65,536 colours used
Ambient temperature:	-10 °C until +40°C
Storage temperature:	-30°C until +80°C
Protection type:	IP30
Protection class:	III
Built-in depth:	Fits in flush-mounting boxes with a depth of >45mm
Installation dimensions:	Suitable for so called 56mm x 56mm Cover frames
